

2019

Château de Lascaux is a family domain in the heart of a garrigue setting leading to the bright and still glow of Pic Saint-Loup. **14th and 15th generation of Cavalier**, we continue a **family story**, in harmony with the natural environment that surrounds us. The biodynamic farming, listen to the murmur of nature, for us are obvious.

Day after day, our wines are nourished by exchanges, meetings and balances.

Jean-Benoit, Isabelle, Marie, Maguelone CAVALIER

Origine

In the north of the Languedoc appellation, at the foot of cause Cévenol, the Château de Lascaux extends over 85 hectares of garrigue left in the wild. The climate, marked by continental influences, is particularly adapted to Syrah.

Varieties

- Syrah : 60 %
- Grenache : 40 %

Cultivation Mode

The vineyard has been managed in organic farming since 2006 and biodynamic practices have been introduced for 5 years.

Plot selection

The vines are located on the Pic Saint-Loup appellation. They are planted on a soil resulting from the breakdown of calcareous rocks of the Quaternary period (Jurassic limestone, harder and older). These specificities offer fine and elegant wines, rich of the characteristics of this unique terroir.

Winemaking and Aging

Harvest by hand or by machine according to the plots. Entirely destemmed. Traditional winemaking process with 3 to 4 weeks maceration in concrete tanks and conical trunk tanks. Perfect temperature control during the fermentation, then a slow rise in temperatures during the maceration. Aging in concrete tanks during 12 months minimum.
